Landlord Reversion Authorization Form

The attached landlord reversion form must be completed and returned to Washington Water Service Company prior to any changes being made to your account.

Landlord reversion means that when a vacating tenant requests that their services with Washington Water be discontinued, the billing will automatically be reverted to the landlord's name with out any prior notification. Reversion prevents any interruption of service and makes the Landlord responsible for paying water bills between tenants.

To discontinue a completed reversion authorization, or to make changes to the mailing address for the Landlord, the property owner or their designated property manager must notify Washington Water Service Company, **in writing** 10 business days in advance of any changes being requested.

If you would like the service at the address listed below placed in your name between tenants please complete this form and return the original with your signature to our office at the address above.
